

The Groovy Lite is a simplified version of our GroovyYurt. It is lighter, therefore, easier to assemble and transport. It has been designed for 3-season or occasional use, and is less expensive than our four season dwellings. Ideal for summer camp residential sleeping, recreational program use, temporary office space, a guest house, camping both short term and long, and so much more. If required, felt insulation can be added to extend your GroovyLite season.

GroovyLite 12'

The GroovyLite 12' comes complete with synthetic floor mat, mosquito screen, two window flaps with mosquito netting and traditional painting on the door. Also standard with this yurt is two wall sections, door, toono (dome), roof rafters., outside canvas cover, canvas top flap to close the dome, and all necessary synthetic ropes. All wood pieces are painted in one colour with no decorative paint. Optional felt insulation can be purchased.

diameter: 12-13 feet (3.8m)
wall height: 4 1/4 feet (1.3m)
height in center: 6 1/4 feet (1.9m)
dimensions might vary - ask us for precise measurement on the yurt you have ordered.
